

# MARIEM BADIS

Senior Frontend Developer | Angular | TypeScript

Munich | +49 157 57 92 00 63 | [mariem.badis.info@gmail.com](mailto:mariem.badis.info@gmail.com) | [LinkedIn](#) | [Portfolio](#)

**Senior Frontend Developer with 6+ years** of experience building scalable, high-performance applications using **Angular (v14–20)**. Strong expertise in **NgRx, RxJS, micro-frontend** architectures, and frontend **performance** optimization. Proven track record delivering high-traffic platforms with **clean, maintainable code**, accessibility (**WCAG**), and **automated testing**.

## PROFESSIONAL EXPERIENCE

### Senior Freelance Frontend Developer

Gazela Technology

02/2025 - Current

Tunis, Tunisia

- Architected a modular frontend architecture using **Angular** and **TypeScript**, applying **SOLID** and **clean code** principles to increase maintainability and SonarQube quality scores by 40%.
- Boosted application performance and Core Web Vitals through efficient rendering, **state management**, performance tuning, **implemented i18n** and improving user experience metrics by 35%.
- Integrated secure **REST APIs** with **JWT-based authentication**, reducing latency by 40% and strengthening frontend security and reliability.
- Implemented **i18n / internationalization** to support multiple languages across the platform
- Mentored a team of 4 frontend developers, establishing **architectural standards** and best practices that increased delivery efficiency by 25%.

### Senior Frontend Developer

M&C Aero

11/2023 - 01/2025

Tunis, Tunisia

- Directed the frontend development of a payment reconciliation platform using **Angular**, reducing initial load time by 30% and increasing adoption across 200+ enterprise clients.
- Engineered scalable state management with **NgRx, RxJS**, applying **modular design** principles to accelerate feature delivery by 20% and reduce maintenance complexity.
- Refined application responsiveness through **lazy loading, code splitting**, and advanced change detection, increasing overall user satisfaction.
- Established unit and end-to-end testing practices with **Jasmine, Karma**, reducing regression issues by 25% and strengthening release stability.

### Frontend Developer

Rhis software

07/2019 - 10/2023

Tunis, Tunisia

- Spearheaded development of large-scale HR platforms serving 1,400+ organizations, applying scalable frontend architecture and component-based design using **Angular** to improve performance, reliability, and adoption.
- Constructed reusable **UI components** and **shared libraries**, following DRY principles to reduce development time by 20% and ensure consistent user experience.
- Fortified application stability through advanced **RxJS** patterns, refined **state management**, and targeted **refactoring**, and **implemented i18n / multi-language support**, enhancing **responsiveness** at scale.
- Collaborated within Agile teams on code reviews, **CI/CD** improvements, and **UX implementation** aligned with accessibility (**WCAG**) standards.

### Web developer

3d for deco

05/2018 - 07/2019

Tunis, Tunisia

- Developed internal web tools using component-based architecture, streamlining marketing workflows.
- Translated UI/UX designs into responsive, cross-browser interfaces, improving conversion rates by 10% through A/B testing and usability improvements.
- Applied clean coding and maintainability principles, ensuring reliable and scalable web applications for internal teams.

### Web developer & UI designer

Business Invent

11/2015 - 04/2018

Tunis, Tunisia

- Delivered a secure, responsive public information portal, applying accessibility standards and improving usability for 20,000+ users.
- Coordinated within Agile teams to develop features, fix bugs, and ensure timely delivery across multiple releases, applying clean code and maintainability principles.

- Implemented consistent responsive interfaces from design mockups, enhancing user experience and engagement.

Earlier Experience **Frontend & Web Development**

**06/2013 - 10/2015**

**MSS / Fidbell / Smartechnology**

**Tunis, Tunisia**

- Created and maintained responsive web interfaces, integrating accessibility (WCAG) standards across 10+ applications, improving Lighthouse scores by 10 points in close collaboration with designers and developers.

## SKILLS

---

**Frontend Development:** Angular 14–20, TypeScript, JavaScript (ES6+), HTML5, SCSS, Tailwind CSS, Responsive & Accessible Design (WCAG / A11Y)

**Architecture & State Management:** NgRx, RxJS, Modular Architecture, Micro-Frontends, Component-Based Design, NX Monorepo, SOLID Principles, familiarity with Ngxs and feature toggle systems.

**Performance & Quality:** Lazy Loading, Code Splitting, Change Detection Optimization, Core Web Vitals, Refactoring, Unit & E2E Testing (Jasmine, Karma), CI/CD pipelines (GitLab)

**APIs & Security:** REST & GraphQL APIs, JWT Authentication, OAuth2, Keycloak, Backend Integration (NestJS, Node.js, Java/Spring Boot), asynchronous data flows

**UI & Design Systems:** Angular Material, PrimeNG, Bootstrap, Material-UI, Accessibility (WCAG / a11y), BEM

**Cloud & DevOps Tooling:** AWS, Docker, Jenkins, GitLab, Git, ESLint, SonarQube, Webpack

**Ways of Working:** Agile / Scrum, Jira, Confluence, Figma, Code Reviews, Mentoring, fast-paced startup environments

## SOFT SKILLS

- 
- Collaborated within cross-functional teams of up to 10 members, ensuring timely project delivery by effectively prioritizing tasks and adapting to requirements;
  - Successfully led small teams within Agile frameworks, fostering collaboration, and iterative improvement;
  - Actively facilitated open communication and knowledge sharing within teams, contributing to innovation;

## EDUCATION AND TRAINING

---

Professional Master's in Software Engineering | Higher Institute of IT & Mathematics of Monastir, Tunisia | 2012

Bachelor's in Computer Science | University of Sciences of Monastir, Tunisia | 2009

## LANGUAGE SKILLS

---

**German** B1

**English** B2

**French** B2

**Arabic** Native
